The International Junior Netball Tournament

The Tournament will undoubtedly be the highlight of the Festival and has been organised to be suitable for a range of junior age groups and abilities. Your teams will play in either the Showdown Tournament or Challenger Tournament at each age group, ensuring teams are closely matched and to provide a competitive, safe and enjoyable experience for all involved.

Working with the direct support and input of Elite Netball, we will liaise with you to ensure your teams are entered into the appropriate tournament. The Showdown Tournament is for the stronger teams, that play more regularly in tournaments and leagues. The Challenger Tournament is therefore for teams that play less regularly, but who still wish to play in a competitive tournament.

Furthermore, as a professionally organised tournament, the International Junior Netball Tournament will allow young players to enjoy and benefit from their matches being officiated by Elite Netball qualified umpires.

On day 3 every team will play tournament pool matches in the morning followed by finals matches in the afternoon. Our Festival courts are all indoors and have been reserved for our exclusive use for the duration of the Festival.

The Tournament is open to all school and club teams at Under 12, Under 14, Under 16 and Under 18 age groups. Please note that the Tournament is only open to girls teams. All matches are played in accordance with age-group laws. A full copy of the Tournament rules will be distributed to all teams prior to the Festival.

The International Junior Netball Festival

COACHING CLINICS & MASTERCLASSES

The International Junior Netball Festival Coaching Clinics and Masterclasses have been created to improve both the skills of individual players and team development. These clinics will be led by full time Elite Netball coaches who are involved at the game at the highest level.

We will also be joined by International and Superleague players who will spend time with teams during the clinics and masterclasses to offer advice, answer positional specific questions and inspire our young netballers to play to the best of their ability.

The aims of the clinics and masterclasses are to develop individual and team skills by offering bespoke coaching sessions on all aspects of the game including attack, defence, ball handling and shooting. This coaching delivery, combined with the knowledge and enthusiasm of Elite Netball's top level coaches and the international and Superleague players, creates the perfect environment to encourage positive game play and promote player progression.

The team of coaches and elite players understand the importance of delivering fun and enjoyable coaching sessions. Therefore we guarantee these clinics and masterclasses to be interactive and engaging for players of all ability levels.

In the last three years, we have been joined by International and Superleague stars, including **Joline Henry, Chioma Matthews, Josie Janz-Dawson, Sasha Corbin, Ama Agbeze, Mikki Austin, Rachel Dunn, Stacey Francis, Lindsay Keable, Sophia Candappa, Natalie Haythornthwaite, Kim Commane and Suzie Liverseidge.**

The coaching programme will begin with a fun and innovative warm up before teams take to the court for their coaching clinics and masterclasses. The warm up will provide players and coaches with new and fun ideas whilst also incorporating the 'Disney Spirit'.

No two sessions will be the same, as they are all tailored to your teams' requirements; whether you are a club who competes weekly or a school taking part in your first festival. In addition to the coaching clinics and masterclasses, teams will also take part in the 'Disney Netball Skills Challenge'. This offers the chance for players to compete in a series of fun netball challenges, where they will

compete against their teammates and utilise some of the skills learnt within the coaching clinics and masterclasses.

As well as the on court benefits provided to young players by working with highly experienced coaches and international and Superleague players, the coaching clinics and masterclasses are also delivered to boost confidence and self-belief.

We also invite teachers and team coaches to observe the clinics and masterclasses, so that the Elite Netball coaching team can provide you with new ideas and develop your coaching skills.

To supplement this all teachers and team coaches will be provided with a copy of the Elite Netball Festival Coaching Manual which contains coaching plans, ways to progress your drills and further ideas and tips.

"The girls have learned so much about themselves on the tour, not just about netball but about the life skills needed to be independent. All have returned with much more confidence and I am hopeful that they will now transfer that onto the netball court and throughout their education."
